

Fast Set-up Change – SMED!

Thursday 17th November 2005

08:00-12:00 OR 13:00-17:00

**William Mitchell Ltd., Tramway,
Oldbury Road, Smethwick, B66 1NY**

Are your customers calling off smaller batch sizes?

Do you need to meet faster delivery times?

Do you have machines set up and waiting for orders?

Do you go out of your way to avoid changing tooling?

‘Yes’ to any of these questions means that you will benefit from this intensive half-day workshop and:

- Minimise the impact of changes
- Improve “up-time”
- Reduce inventory
- Shorten lead-times to your customers.

This is not a lecture but a hands-on workshop led by experienced trainers from industry.

Free Bonus! - Help with putting your new skills into savings in your workplace

In order to put the learning straight into action, attendees can have our tutors follow up on the workshop with mentoring in the delegate’s own factory, coaching on implementation of the workshop’s methodologies. There is no charge for this to qualifying attendees.

We know your time is valuable, so two alternative sessions are offered. You need only choose ONE session. (Indicate your preference on the registration form).

Morning Session : 8:00 - 12:00

Afternoon Session 13:00 - 17:00

There will be a buffet lunch at 12:30

Normally £200, thanks to funding from the European Social Fund, the workshop and follow-up are FREE OF CHARGE to West Midlands SMEs in the automotive supply chain and attendance is open to all companies for a discounted fee of £50. There will be a £50 charge for anyone who registers but fails to cancel with the prescribed notice period.

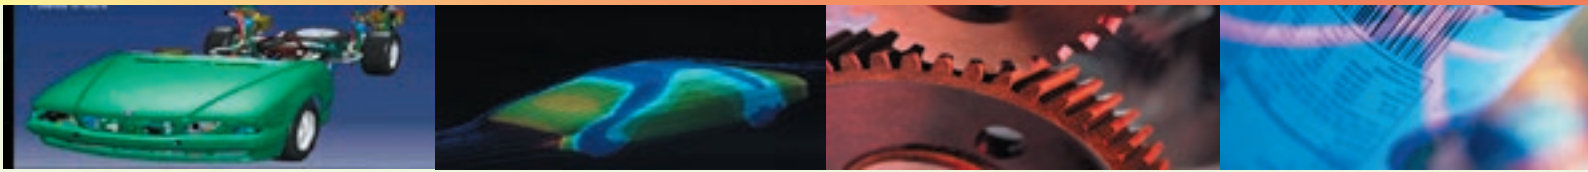

Formed in 1990 and based at the University of Birmingham, Euromotor is a network and partnership of European car manufacturers, suppliers and universities. Euromotor’s objective is to improve the knowledge base of the European motor industry through high-level technical collaborative training.

Those involved in organising this particular Workshop are fellow automotive manufacturers who are already delivering quality components to the automotive industry – your peers.

AutoTrain CoDesign SMED Workshop

Thursday 17th November

William Mitchell Ltd., Tramway, Oldbury Road, Smethwick, B66 1NY

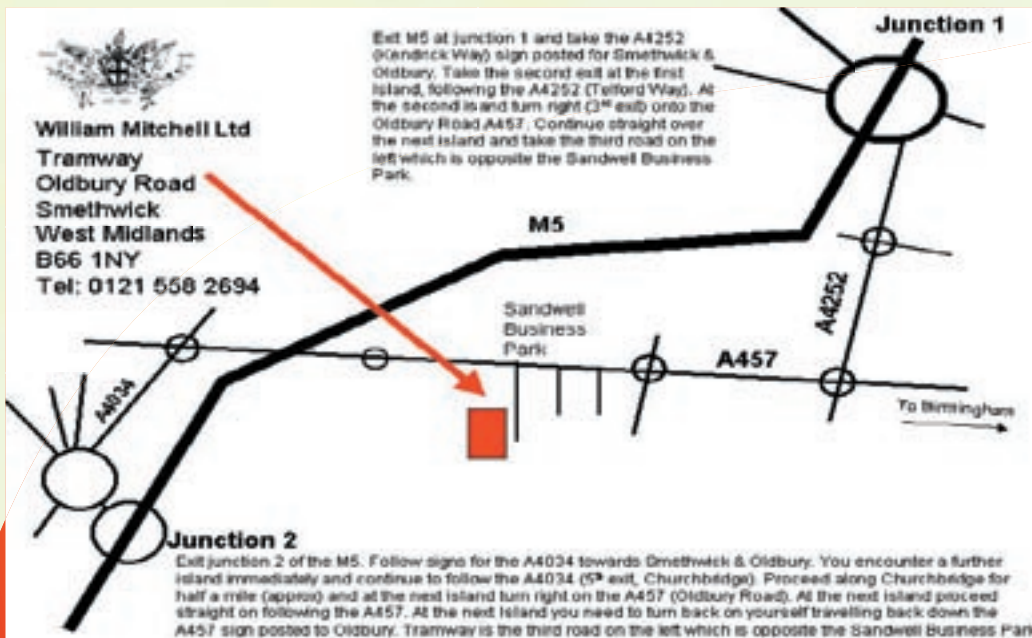

REGISTRATION FORM (THIS FORM MAY BE PHOTOCOPIED).

Please send a photocopy, fax or email to JULIE LESEURE, Project Coordinator, to the address below.

This seminar is **free of charge** for West Midlands SMEs thanks to funding through the ESF. It is necessary to pre-register by fax or email using this form. Follow on sessions will be organised, if needed, to enable participants to take these topics to higher levels or to address company specifics. Non SME companies may send delegates at a subsidised fee of £50 each.
